

Tech Bulletin

September 7, 2007

PRODUCT: AMP RESEARCH POWER STEP

VEHICLE: HUMMER H2

MODEL YEAR: 2008

NOTE: 2008 H2 - Change in installation procedure (No product change)

Please be advised that when installing the AMP Research Power Step on a 2008 Hummer H2, you will encounter two departures from the 07 installation procedure:

- 1) Removal of door panels has changed (easy to discern)
- 2) The color of the door-ajar signal wire has changed on the passenger door. In previous model years, up to 2007, the wire has been Light Green. Starting with model year 2008, the wire is now Tan with White stripes.

Check out the latest TECH TIPS and INSTALLATION GUIDES now available online at <http://www.amp-research.com/connect/techsupport.asp>

For technical support or questions about an installation call toll-free 1-888-983-2204 Monday to Friday, 8:00 am to 4:00 pm PST.
